

Z residue & noise zenith

reach the end of the alphabetical fuzzy wuzzy
zoologic buzz in the nasal daze and graze
choosing animal phase and phoneme
in the frozen doze and woes
of xenophobic craze
our chosen treatment
joy-buzzer

rise to the occasional fizzle
realize our zig-zag ways in the zero hour
catching Z's in the brazen breeze and lazy
zephyr that wasn't
our chisel in the dream
Z-axis

plotting chimpanzee and zebra sleaze
in a blaze of gory glory
blasé pause and blah blah blahs
swizzle generation
touting loser bruises and oafish
whiz-bang

cruise in whose exile
this zoot-suit drizzle and lozenge
where we reside among clues
amazed and hazy zippers
gazing through zealous sizzle
fuzzy wuzzy
was a bear
of the morning razzle-
dazzle
